Granting/Funding Committee Report

The purpose of this committee is to 1) research and curate the vast funding opportunities available and 2) to make the granting process as cohesive as possible.

- 1) We continue to research and chart on-going and new funding avenues.
- 2) We have had several meetings/discussions with Trillium, and Canadian Heritage – all of which have been and will be important in this project.
- 3) We are building a database of previously submitted applications to simplify the granting process.
- 4) Beth Kipping and Maryssa Danilko received Grant Writing training from Jim Blake at Haliburton County Development Corporation
- 5) The main purpose is to be as prepared as possible if a large funding opportunity is presented.

Respectfully Submitted

Tammy Rea

Director: Haliburton Highlands Arts Centre Foundation
